What Is a Cashier's Check?

A cashier's check is a payment instrument issued by a bank or credit union, guaranteeing the funds because the bank withdraws the amount from the purchaser's account upfront and then issues the check drawn on its own funds. These checks are often used for large transactions, such as real estate purchases, vehicle sales, or international payments, due to their perceived security and certainty.

Key Features of Cashier's Checks

- Bank Guarantee: The bank guarantees payment, reducing the risk of bounced checks.
- Funds Secured: The payer's account is debited immediately.
- Official Appearance: Typically, cashier's checks have a distinct appearance, with bank branding, watermarks, and security features.
