guidelines. Educators should provide templates or examples to help students understand expectations while allowing creative freedom. Encouraging digital scrapbooks can also modernize the approach, enabling multimedia content and easier sharing.

Parents play a critical role in facilitating the process, o?ering materials, supervision, and motivation. However, it is essential to strike a balance to avoid overburdening students during their break. The primary goal is to maintain engagement without compromising rest and recreation.

3.

Assessment challenges due to subjective evaluation criteria.

4.

Acknowledging these factors can guide the development of more e?ective and inclusive holiday homework policies.

Future Directions and Technological Integration
