Google Docs: A browser-based, collaborative word processor offering real-time

3.

editing but dependent on internet connectivity.

Like Open Office Writer, depending on the exact implementation, offers a middle ground:

free and online capable, with enhanced functionalities aimed at improving productivity

without the constraints of proprietary licensing.

Potential Drawbacks and Limitations

Despite the strengths of like Open Office Writer, there are some limitations to consider:

Learning Curve: Users transitioning from Microsoft Word may find some features
