How to Write an Excellent Recommendation Letter for a Project

Manager Construction

Writing a recommendation letter that genuinely supports a construction project manager

requires thoughtful consideration and structure. Here?s how to approach it:

1. Start with a Strong Opening

Begin by clearly stating your relationship to the project manager and the capacity in

which you?ve worked together. This establishes your credibility as a reference. For

example:

?I have had the pleasure of working closely with John Smith for over ?ve years as his

direct supervisor at XYZ Construction. During this time, I witnessed ?rsthand his

exceptional project management skills and leadership on numerous high-pro?le

construction projects.?

2. Highlight Speci?c Achievements and Skills

Rather than vague praise, focus on accomplishments that demonstrate the project manager?s expertise. Use metrics when possible:

Successfully managed a $10 million commercial building project, completing it two months ahead of schedule while staying 5% under budget.

Led a team of 50 construction workers, subcontractors, and engineers, fostering a culture of collaboration and accountability.

Implemented innovative scheduling software that improved work?ow e?ciency by 20%.

3. Emphasize Soft Skills and Work Ethic

?John?s ability to communicate e?ectively with clients, architects, and subcontractors ensured that any issues were quickly addressed and resolved. His calm demeanor under pressure made him a trusted leader during challenging phases of construction.?

4. Conclude with a Strong Endorsement

End the letter by unequivocally recommending the project manager for future roles, showing con?dence in their abilities:

contribute to the success of any project.?

Why Tailoring Your Recommendation Letter Matters
